GRADUATE STUDENTS' BOOKLET

THE SCHOOL OF GRADUATE STUDIES
FEBRUARY 2017

The School of Graduate Studies, 9th floor, The University of Cambodia

TABLE OF CONTENTS

FOREWORD

The graduate academic programs have been designed to meet the needs of learners and society of Cambodia and to align with regional and international academic graduate programs. As globalization of education continues to grow, more and more interaction, connectivity and collaboration between national, regional and international universities have been also expanding and shaping into quality of programs and learning outcome oriented for graduates. The University of Cambodia offers various graduate programs in arts, humanities, social sciences and computer sciences and technology. Our graduates have been playing important roles in developing Cambodia and beyond in various sectors and fields. One of our goals in the graduate programs is to help our graduates become potential and influential future leaders.

The School of Graduate Studies of The University of Cambodia plays vital roles in overseeing, mentoring, facilitating, helping and promoting all graduate programs under respective Colleges and Schools (except the Techo Sen School of Government and International Relations).

The School of Graduate Studies of The University of Cambodia takes pride in presenting you with a new edition of a Graduate Students' Booklet which is designed to explain and simplify the requirements for The University of Cambodia Graduate Degrees.

This Booklet includes all information necessary to enter and complete Graduate Degrees, including admission and graduation requirements. The Booklet also provides a list of all UC Graduate Degrees, as well as a detailed curriculum for each of these degrees.

A check list of requirements for both Master and Doctoral degrees is provided to guide students on each step necessary for graduation.

Finally, this Booklet sets out The University of Cambodia Academic Integrity Policy, and it is proud to present a list of notable Graduate Alumni from The University of Cambodia.

We hope that all UC faculty, staff and particularly graduate students will take good advantage of this Booklet.

Dr. Y Ratana
Vice President for Academic Affairs
The University of Cambodia

MESSAGE FROM THE DEAN

Greetings!

Welcome to The University of Cambodia.

Higher degrees are within the reach of all graduates. These graduate degrees are about taking that extra step into a very exclusive realm, and they are an indicator of graduates who want to be recognized as leaders, and as the highest achievers.

It's easier than you think to gain a higher degree. This is because The University of Cambodia personally guides and mentors Master and Doctoral candidates. This personal guidance is not possible to provide students during first degrees.

Also, Graduate Degrees can be more tailored to suit your interests. A major part of these degrees can be your own dissertation, which is an area of original research that The University of Cambodia will help you to choose, and which you will then be personally guided to achieve.

At The University of Cambodia, we believe that success is a way of thinking. Graduate Degrees will build further on the success you have already achieved, and will help you to explore new horizons.

Graduate Degrees are therefore an exciting opportunity to explore new ideas and new possibilities with other high achievers.

Together, we can help you achieve levels of excellence that will open doors into a future full of potential.

Dr. Michael Minehan
Dean of School of Graduate Studies
The University of Cambodia

The University of Cambodia houses a number of schools, colleges, and centers.

ACADEMIC INTEGRITY POLICY

Graduate students at The University of Cambodia should maintain academic honesty by strictly complying with the following regulations:

1) Do not plagiarize (i.e. do not claim and use the thoughts, writings or creative works of others without appropriate acknowledgment or attribution)

2) Do not paraphrase or summarize other people's work without giving a citation

3) Do not falsify data or results of laboratory, field, or other work

4) Do not copy part or all of another student's assignment or work

5) Do not submit work that is not original (i.e. do not use a ghost writer or any sort of paper writing service)

6) Do not cheat in the quizzes, tests, or exams

7) Do not bring in notes or other written materials to the exam room.

8) Do not allow a substitute or acting as a substitute to undertake an examination

9) Do not allow another student to copy your answers on assignments or exams

10) Do not use a hand phone or any other electronic devices, except approved calculators

11) Do not attempt to communicate with people other than the designated personnel, whether inside the exam room or outside
