

The University of Cambodia is currently setting up a **Student Development Center**, which will assist students in preparing for international exchanges. In the meantime, we would like to provide the following information and suggestions to students that wish to obtain an international scholarship.

### **Application Process:**

Prepare all the necessary documents prior to starting the application process. Although each program is different students generally need to procure the following documents:

1. Official transcript
2. Copy of Degree
3. Cover letter or personal essay
4. Letter of recommendation (from professor, associate dean or employer)
5. Certificate of English proficiency (TOEFL, IELTS, or a letter from UC explaining English is the medium of instruction. Please note that you must formally request this letter through your College and the Office of Administration).
6. Certificate or letter of recommendation for any volunteer or social work
7. CV

Once you have obtained all the proper paperwork and documents, you need to find a scholarship program that is right for you.

### **Scholarship organizations:**

In order to find a school and scholarship program that is right for you, you will need to do some research. Follow the links below to find information about numerous scholarship programs around the world. Please do research on your own as well, as this is hardly a complete list of resources available for scholarships abroad.
